АНГЛІЙСЬКА МОВА

Навчально-методичний комплект укладено до підручника О. Д. Карп'юк. До комплекту входять: робочий зошит, зошит для контролю рівня знань і плани-конспекти уроків для вчителя.

Робочий зошит вміщує велику кількість різноманітних вправ, супроводжуваних ілюстраціями. Завдання побудовані так, щоб якомога повніше охопити матеріал, поданий у підручнику, та відпрацювати його. Надлишкова кількість вправ дозволить учителеві диференційовано підходити до учнів і варіювати обсяг матеріалу залежно від рівня їх знань.

Зошит для контролю рівня знань покликаний комплексно перевірити й об'єктивно оцінити рівень мовної та мовленнєвої компетенції учнів. Містить тести за кожною з тем підручника, семестрові роботи, експрес-тести. Семестрові тестові завдання спрямовані на перевірку засвоєння лексики, граматики та мовленнєвих умінь: аудіювання, говоріння, читання, письма.

У **планах-конспектах** детально поданий кожний урок, структура якого відповідає останнім методичним вимогам. Уроки побудовано з урахуванням основних критеріїв навчання іноземної мови: комунікативної спрямованості, крос-культурного компонента, міжпредметного інтегрування. Все це підпорядковано основній меті — комунікативно-орієнтованому навчання іноземних мов.
